Overview

Example of a VEGA 300 scoreboard with its optional team names panel on top

The VEGA 300 scoreboard is mainly dedicated to football, rugby, ice and field hockey. Its high-tech features include 30 cm amber LEDs providing crystal-clear display to up to 180 m in any lightning conditions and a 55° vertical viewing angle allowing every spectators to read the score no matter what location they have in the stadium. The LED brightness is automatically adapted to the ambient light thanks to an integrated sensor. Easy access is allowed from the front of the VEGA 300 scoreboard for maintenance. In addition to a two-digit score display (0-99) for each team, the VEGA is also fitted with a four-digit display showing the play time. Optional team name module allow alphanumerical text to be displayed.
